Reasons for Allowance

1. Examiner has reviewed and considered Applicant's comments and amendments as indicated on pages 12 – 13, of Applicants response dated (08/08/2007), and after further consideration of Applicant's comments with regards to all the independent claims and in light of the current amendments, Examiner is hereby placing claims 1 – 7, 10 – 19, 22 – 31, and 34 – 37 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A method for comparing objects comprising:

“determining a non dependent portion of each selected secondary parameter instance, the non dependent portion comprising the value of the secondary parameter instance minus a value of the associated primary parameter instance; and replacing each selected secondary parameter instance from the first objects with the primary parameter instance from the second object and the non-dependent portion from the selected secondary parameter instance from the first object...”, in such a manner as recited in claims 1, 13, 25 and 37 and as best illustrated by FIG. 3a.

Therefore, claims 1 – 7, 10 – 19, 22 – 31, and 34 – 37 are in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
